Announcement Type: Mandatory

Funding Opportunity Number: HHS-2016-ACF-ACYF-FVPS-1118

CFDA Number: 93.671

Due Date for Applications: March 15, 2016

Executive Summary:

This announcement governs the proposed award of formula grants under the Family Violence Prevention and Services Act (FVPSA) to Native American Tribes (including Alaska Native villages) and tribal organizations. The purpose of these grants is to: 1) assist tribes in efforts to increase public awareness about, and primary and secondary prevention of, family violence, domestic violence, and dating violence; and 2) assist tribes in efforts to provide immediate shelter and supportive services for victims of family violence, domestic violence, or dating violence, and their dependents (42 U.S.C. §§10401(b)(1)-(2)).

I. FUNDING OPPORTUNITY DESCRIPTION

Statutory Authority

The statutory authority for this program is 42 U.S.C. § 10409 et seq., hereinafter cited by section number only.

Description

Awards under this FVPSA funding opportunity announcement are administered through the Administration on Children, Youth and Families (ACYF) Family and Youth Services Bureau (FYSB). They are designed to assist tribes in their efforts to support the establishment, maintenance, and expansion of programs and projects: 1) to prevent incidents of family violence, domestic violence, and dating violence; 2) to provide

immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; and 3) to provide specialized services for children exposed to family violence, domestic violence, or dating violence, underserved populations, and victims who are members of racial and ethnic minority populations (§10406(a) as applied pursuant to §10409(c)).

Funding under this announcement will assist tribes in safeguarding the lives of victims of domestic and dating violence also referred to as intimate partner violence. In fiscal year (FY) 2015, the Department of Health and Human Services (HHS) agencies, including the Administration for Children and Families (ACF), consulted with tribal governments on all of the grant programs administered by ACF. FVPSA-related issues, such as grant award dates, extending project periods, and variations in award amounts, were addressed during each of the consultations.

During fiscal year (FY) 2015, ACF awarded FVPSA formula grants to 136 tribes or tribal organizations in support of 274 tribes; 56 states and territories; and 56 nonprofit State Domestic Violence Coalitions. In addition, ACF supplied additional funding for multi-year FVPSA discretionary grants to one National Indian Resource Center Addressing Domestic Violence and Safety for Indian Women; other national, special issue, and culturally specific resource centers; and the National Domestic Violence Hotline.

Ensuring the Well-Being of Vulnerable Children and Families/Adults

ACYF is committed to facilitating healing and recovery and promoting the social and emotional well-being of adult victims, children, youth, and families who have experienced domestic and dating violence, maltreatment, exposure to violence, and/or trauma. Awards governed by this funding opportunity announcement and other current fiscal year expenditures are designed to ensure that effective interventions and trauma informed practice are in place to build skills and capacities that contribute to the healthy, positive, and productive functioning of individuals and families.

Tribal grantees have a critical role in incorporating ACYF priorities by helping to ensure trauma-informed interventions are embedded within the service provision framework of all services funded by FVPSA. Additionally, services must also be provided on a voluntary basis; receipt of emergency shelter or housing must not be conditioned on participation in supportive services (§10408(d)).

Tribes and tribal organizations are strongly encouraged to leverage the expertise of the FVPSA-funded National Indigenous Women's Resource Center, Inc. , a Native nonprofit organization created specifically to serve as the National Indian Resource Center Addressing Domestic Violence and Safety for Indian Women (see <http://www.niwrc.org/about-us/mission-work-and-philosophy> for more information) and the National Center on Domestic Violence, Trauma and Mental Health to infuse programs with best and promising practices on trauma-informed interventions as they seek to promote the social and emotional well-being of families seeking shelter and supportive services.

Definitions – for the purposes of this funding opportunity

Tribes and tribal organizations are required to use the following definitions in carrying out FVPSA-funded programs and activities.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic Violence: Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Family Violence: Any act or threatened act of violence, including any forceful detention of an individual, which: (a) results in or threatens to result in physical injury; and (b) is committed by a person against another individual (including an elderly person) to whom such person is, or was, related by blood or marriage, or otherwise legally related, or with whom such person is, or was, lawfully residing.

Additionally, the definitions of family and domestic violence encompass same-sex marriage and spouses consistent with the Supreme Court's decision in *Obergefell v. Hodges*, which held that same-sex marriages are entitled to equal treatment under the law. All FVPSA-funded grantees and contractors are required to serve program recipients regardless of whether an individual may be married to a person of the opposite or same sex. Please note that this guidance is not a change in previous grantee guidance because survivors of intimate partner violence, regardless of marital status, have always been eligible for FVPSA-funded services and programming.

Intimate Partner Violence: A term used interchangeably with “domestic violence, or dating violence.”

Federally Recognized Tribes: A federally recognized tribe is an American Indian or Alaska Native tribal entity that is recognized as having a government-to-government relationship with the United States, with the responsibilities, powers, limitations, and obligations attached to that designation, and is eligible for funding and services from the Bureau of Indian Affairs (BIA).

Furthermore, federally recognized tribes are recognized as possessing certain inherent rights of self-government (i.e., tribal sovereignty) and are entitled to receive certain federal benefits, services, and protections because of their special relationship with the

United States. At present, there are 566 federally recognized American Indian and Alaska Native tribes and villages (<http://www.bia.gov/FAQs/>).

Indian Tribe: Any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. §1601 et seq.), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Native American Tribe: An alternative term for *Indian tribe*.

Personally Identifying Information or Personal Information: Any individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including: a first and last name; a home or other physical address; contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); a social security number, driver's license number, passport number, or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

Shelter: The provision of temporary refuge and supportive services in compliance with applicable state law (including regulation) governing the provision, on a regular basis, of shelter, safe homes, meals, and supportive services to victims of family violence, domestic violence, or dating violence, and their dependents.

State Domestic Violence Coalition: A statewide, nongovernmental nonprofit, private domestic violence service organization with a membership that includes a majority of the primary-purpose domestic violence service providers in the state and has board membership representative of primary-purpose domestic violence service providers and which may include representatives of the communities in which the services are being provided in the state; has as its purpose to provide education, support, and technical assistance to such service providers to enable the providers to establish and maintain shelter and supportive services for victims of domestic violence and their dependents; and serves as an information clearinghouse, primary point of contact, and resource center on domestic violence for the state; and supports the development of policies, protocols, and procedures to enhance domestic violence intervention and prevention in the state.

Supportive Services: Services for adult and youth victims of family violence, domestic violence, or dating violence, and their dependents. These services are designed to meet the needs of such victims and their dependents for short-term, transitional, or long-term safety; and provide counseling, advocacy, or assistance for victims of family violence, domestic violence, or dating violence, and their dependents.

Tribe: A Reference to *Indian Tribe* used for brevity.

Tribal Consortium: A partnership between one or more tribes or (including qualifying Alaska Native villages and entities) that authorizes a single tribal organization or nonprofit to submit an application and administer the FVPSA grant funds on their behalf.

Tribally Designated Official: An individual designated by an Indian tribe, tribal organization, or nonprofit private organization authorized by an Indian tribe to administer a grant awarded under §10409.

Tribal Organization: The recognized governing body of any Indian tribe; any legally established organization of Indians that is controlled, sanctioned, or chartered by such governing body or is democratically elected by the adult members of the Indian community to be served by such organization and that includes the maximum participation of Indians in all phases of its activities, provided that, in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the letting or making of such contract or grant.

Underserved Populations: Populations who face barriers in accessing and using victim services, including populations underserved because of geographic location, religion, sexual orientation, gender identity, race and ethnicity, special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of HHS, as appropriate.

Use of Funds

Grantees should ensure that not less than 70 percent of the funds distributed are used for the primary purpose of providing immediate shelter and supportive services to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents. Not less than 25 percent of the funds must be used for the purpose of providing supportive services and prevention services (§10408(b)(2) as applied pursuant to §10409(e)).

FVPSA funds awarded to grantees should be used for activities described in §10408(b)(1) (as applied pursuant to §10409(e)):

Shelter

- Provision of immediate shelter and related supportive services to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents, including paying for the operating and administrative expenses of the facilities for such shelter.

Supportive Services

- Provision of individual and group counseling, peer support groups, and referral to community-based services to assist victims of family violence, domestic violence, and dating violence, and their dependents, in recovering from the effects of the violence.

- Provision of services, training, technical assistance, and outreach to increase awareness of family violence, domestic violence, and dating violence, and increase the accessibility of family violence, domestic violence, and dating violence services.
- Provision of culturally and linguistically appropriate services.
- Provision of services for children exposed to family violence, domestic violence, or dating violence, including age-appropriate counseling, supportive services, and services for the non-abusing parent that support that parent’s role as a caregiver, which may, as appropriate, include services that work with the non-abusing parent and child together.
- Provision of advocacy, case management services, and information and referral services, concerning issues related to family violence, domestic violence, or dating violence intervention and prevention, including: 1) assistance in accessing related federal and state financial assistance programs; 2) legal advocacy to assist victims and their dependents; 3) medical advocacy, including provision of referrals for appropriate health care services (including mental health, alcohol, and drug abuse treatment), but which shall not include reimbursement for any health care services; 4) assistance locating and securing safe and affordable permanent housing and homelessness prevention services; 5) transportation, child care, respite care, job training and employment services, financial literacy services and education, financial planning, and related economic empowerment services; and 6) parenting and other educational services for victims and their dependents.
- Provision of prevention services, including outreach to underserved populations. (Note: Tribes and tribal subpopulations are also considered underserved populations. See Section I. Definitions, for “underserved” definition.)
- Assistance in developing safety plans, and supporting efforts of victims of family violence, domestic violence, or dating violence to make decisions related to their ongoing safety and well-being.

Client Confidentiality

In order to ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence, and their families, FVPSA-funded programs must establish and implement policies and protocols for maintaining the confidentiality of records pertaining to any individual provided services family violence, domestic violence, and dating violence. Consequently, when providing statistical data on program activities and program services, individual identifiers of client records will not be used (§10406(c)(5)) as applied per §10409(c).

In the annual Performance Progress Report (PPR), grantees must collect unduplicated data from each program. Client-level data cannot be shared with a third party, regardless of encryption, hashing, or other data security measures, without a written, time-limited release as described in §10406(c)(5). The address or location of any FVPSA-supported shelter facility shall, except with written authorization of the person or persons responsible for the operation of such shelter, not be made public (§10406(c)(5)(H)) and the confidentiality of records pertaining to any individual provided family violence,

domestic violence, and dating violence services by any FVPSA-supported program must be strictly maintained.

FVPSA Tribal Meetings

One or more grantee representatives should plan to attend FVPSA's tribal grantee meeting and to attend a region/ topic-based peer mentoring meeting and conference calls. Grantees may use grant funding to support the travel of up to two participants for the face-to-face meetings. The grantee meeting, peer-to-peer meeting, and conference calls are training and technical assistance activities focusing on FVPSA administrative issues, emerging issues, and the promotion of evidence-informed and promising practices to address family violence, domestic violence, and dating violence. Subsequent correspondence will advise the grantees of the date, time, and location of each meeting in 2016.

Coordinated and Accessible Services

The impacts of intimate partner violence may include physical injury and death of primary or secondary victims, psychological trauma, isolation from family and friends, harm to children living with a parent or caretaker who is either experiencing or perpetrating intimate partner violence, increased fear, reduced mobility, damaged credit, employment and financial instability, homelessness, substance abuse, chronic illnesses, and a host of other health and related mental health consequences. In tribal communities, these dynamics may be compounded by barriers including the isolation of vast rural and remote areas, the concern for safety in isolated settings, lack of housing and shelter options, and the transportation requirements over long distances. These factors heighten the need for the coordination of the services through an often limited delivery system. To help bring about a more effective response to the problems of family violence, domestic violence, or dating violence, HHS urges tribes and tribal organizations receiving funds under this funding opportunity to coordinate activities and related issues and to consider joining a consortium of tribes to coordinate service delivery where appropriate.

It is essential that community service providers are involved in the design and improvement of intervention and prevention activities. Coordination and collaboration among victim services providers; community-based, culturally specific, and faith-based services providers; housing and homeless services providers; and tribal, federal, state, and local public officials and agencies are needed to provide more responsive and effective services to victims of family violence, domestic violence, and dating violence, and their families. Pursuant to FVPSA, states and state domestic violence coalitions are required to coordinate and collaborate with tribes and tribal organizations to support effective community-based and statewide responses to family, domestic, and dating violence. ACF/FYSB urges tribes and tribal organizations to work with states and state domestic violence coalitions to support collaboration and to help ensure tribal members are served appropriately in non-Native domestic violence programs. Pursuant to FVPSA, tribes and tribal organizations are also eligible entities to receive FVPSA state formula funds. Where appropriate and in deference to tribal sovereignty, tribes are encouraged to apply for FVPSA state formula grants and become involved in state planning and state

domestic violence coalition needs assessments. For additional information, please contact the FVPSA state administrator in your state to learn more about the state funding processes. Weblink: <http://www.acf.hhs.gov/programs/fysb/resource/fvpsa-state-admin>.

To serve victims most in need and to comply with federal law, services must be widely accessible. Services must not discriminate on the basis of age, disability, sex, race, color, national origin, gender identity, or religion. Additionally, tribes must assist all individuals seeking services and may not restrict services to tribal members. Please see Appendix B for guidance regarding access to HHS-funded services for lesbian, gay, bisexual, transgender, or questioning (LGBTQ) (also known as “Two Spirited”) survivors of intimate partner violence.

The HHS Office for Civil Rights provides guidance that may assist grantees in complying with civil rights laws that prohibit discrimination on these bases. Please see <http://www.hhs.gov/ocr/office/index.html>. HHS also provides guidance to recipients of federal financial assistance on meeting the legal obligation to take reasonable steps to provide meaningful access to federally assisted programs by persons with limited English proficiency. Please see <http://www.hhs.gov/ocr/civilrights/resources/specialtopics/lep/index.html>.

Additionally, HHS provides guidance regarding access to HHS-funded services for immigrant survivors of domestic violence. Access for immigrant victims of family violence or dating violence to HHS-funded services is similar to that for immigrant domestic violence victims. Please see www.hhs.gov/ocr/civilrights/resources/specialtopics/origin/domesticviolencefactsheet.html.

II. AWARD INFORMATION

Subject to the availability of federal appropriations and as authorized by law, in FY 2016, ACYF will allocate 10 percent of the appropriation available according to §10403(a) to tribes for the establishment and operation of shelters (including safe houses), and the provision of supportive services or prevention services to adults and youth victims of family violence, domestic violence, or dating violence, and their dependents.

In computing tribal allocations, ACF will use the latest available population figures available from the Census Bureau. The latest Census population counts may be viewed at: www.census.gov. Where Census Bureau data are unavailable, ACF will use figures from BIA’s Indian Population and Labor Force Report, which is available at: www.bia.gov/WhatWeDo/Knowledge/Reports/index.htm.

The funding formula for the allocation of FVPSA funds is based upon the tribe’s population. The formula has two parts: the tribal population base allocation and a population category allocation.

Base allocations are determined by a tribe’s population and a funds allocation schedule. Tribes with populations between 1 and 50,000 people receive a \$2,500 base allocation for the first 1,500 people. For each additional 1,000 people above the 1,500 person minimum, a tribe’s base allocation is increased \$1,000. Tribes with populations between 50,001 and 100,000 people receive base allocations of \$125,000, and tribes with populations of 100,001 to 150,000 receive a base allocation of \$175,000.

Once the base allocations have been distributed to the tribes that have applied for FVPSA funding, the ratio of the tribal population category allocation to the total of all base allocations is then considered in allocating the remainder of the funds. By establishing base amounts with distribution of proportional amounts for larger tribes, FYSB is balancing the need for basic services for all tribes while recognizing greater demand for services among tribes with larger populations. In FY 2015, actual grant awards ranged from \$16,356 to \$1,472,006.

Tribes with smaller populations are encouraged to apply for FVPSA funding as a consortium. In a tribal consortium, the populations of all of the tribes involved are used to calculate the award amount. The allocations for each of the tribes included in the consortium will be combined to determine the total grant for the consortium. Once awards have been made, the lead applicant responsible for administering the grant determines how to distribute and/or use funding.

Length of Project Periods

FVPSA tribal formula grant awards will be used to perform or to partially perform functions or activities that take place within a 2-year period. The project period for this award is from October 1, 2015, to September 30, 2017.

Expenditure Period

The project period under this program announcement is 24 months. The FVPSA funds may be used for expenditures starting October 1 of each fiscal year for which they are granted, and will be available for expenditure through September 30 of the following fiscal year.

Award Year (Federal Fiscal Year (FY))	Project Period (24 Months)	Application Requirements & Expenditure Periods
FY 2016	10/01/2015 – 9/30/2017	Regardless of the date the award is received, these funds may be expended by the grantee for obligations incurred since October 1, 2015. The funds may be expended through September 30, 2017.

Re-allotted funds, if any, are available for expenditure until the end of the fiscal year following the fiscal year that the funds became available for re-allotment. FY 2016 grant

funds that are made available to tribes and tribal organizations through re-allotment must be expended by the grantee no later than September 30, 2017.

III. ELIGIBILITY INFORMATION

Tribes, tribal organizations, and nonprofit private organizations authorized by a tribe, as defined in *Section I. Funding Opportunity Description/Definitions* of this announcement, are eligible for funding under this program. A tribe has the option to authorize a tribal organization or a nonprofit private organization to submit an application and administer the grant funds awarded under this grant (§10409(b)). Tribes may apply singularly or as part of a tribal consortium.

Additional Information on Eligibility

Federally recognized tribes as defined in *Section I. Funding Opportunity Description/Definitions* are eligible for funding under this announcement.

DUNS Number and System for Award Management (SAM) Requirement

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the System for Award Management (SAM.gov, www.sam.gov).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM.gov must be active throughout the life of the award.

Plan ahead. Allow up to 10 business days after you submit your registration for it to become active in SAM and an additional 24 hours before that registration information is available in other government systems, i.e., Grants.gov.

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of your efforts to register for or renew a registration at SAM. User Guides are available under the “Help” tab at <https://www.sam.gov>.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM before submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an Operating Division (OPDIV); and

- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with the requirements as described in section V. of this FOA.

IV. APPLICATION AND SUBMISSION INFORMATION

On October 1, 2013, ACF implemented required electronic application submission of State and/or tribal plans via the [Online Data Collection System \(OLDC\)](#) for all mandatory grant programs. (See 78 FR 60285-60286, October 1, 2013). Mandatory grant applicants are required to use the OLDC to submit the Application for Federal Assistance SF-424 Mandatory Form (SF-424M) and upload all required documents. The form is available to applicants and grantees within the OLDC system at: <https://extranet.acf.hhs.gov/oldcdocs/materials.html>. ACF will not accept paper applications, or those submitted via email or facsimile, without an approved exemption.

Request an Exemption from Required Electronic Submission

ACF recognizes that some of the applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit uploading large files to the Internet through the OLDC system. To accommodate such applicants, ACF is instituting an exemption procedure, on a case-by-case basis, that will allow such applicants to submit hard copy, paper tribal plans, and reporting forms by the United States Postal Service, hand-delivery, recipient courier, overnight/express mail couriers, or other representatives of the recipient.

Additionally, on a case-by-case basis, we will consider requests to accept hard copy, paper submissions of tribal plans and reporting forms when circumstances such as natural disasters occur (floods, hurricanes, etc.); or when there are widespread disruptions of mail service; or in other rare cases that would prevent electronic submission of the documents.

Applicants will be required to submit a written statement to ACF that the recipient qualifies for an exemption under one of these grounds: lack of Internet access; limited computer capacity that prevents the uploading of large files to the Internet; the occurrence of natural disasters (floods, hurricanes, etc.); when there are widespread disruptions of mail service; or in other rare cases that would prevent electronic submission of the documents.

Exemption requests will be reviewed and the applicant will be notified of a decision to approve or deny the request. Requests should state that the exemption is for submission of the SF-424M and tribal plan/application (including application forms/attachments/assurances/certifications). The written statement must be sent to the Program Office as identified in *Section VIII. Agency Contact* of this funding opportunity announcement. Requests must be received on or before the due date for applications

listed in this funding opportunity announcement. Exemption requests may be submitted by regular mail or by email.

PPR (applicable to grant recipients only), or Federal Financial Reports' (FFR) (applicable to grant recipients only) exemption requests will be reviewed and the grant recipient will be notified of a decision to approve or deny the request. PPR exemption requests (for grant recipients only) must be made by contacting the program officer as identified in *Section VIII. Agency Contact* of this funding opportunity announcement. FFR exemption requests (for grant recipients only) must be made by contacting the Office of Grants Management point of contact shown in *Section VIII. Agency Contact* of this funding opportunity announcement.

In all cases, the decision to allow an exemption to accept submission of hard copy, paper tribal plans/applications (and application forms/attachments/assurances/certifications) and reporting forms (applicable to grant recipients only) will rest with the Program Office listed in this announcement and/or ACF's Office of Grants Management. Exemptions are applicable only to the federal fiscal year in which they are received and approved. If an exemption is necessary for a future federal fiscal year, a request must be submitted during each federal fiscal year for which an exemption is necessary.

Forms, Assurances, Certifications, and Policy

Applicants seeking financial assistance under this announcement must submit the listed Standard Forms (SFs), assurances, certifications and policy. All required Standard Forms, assurances, and certifications are available at [ACF Funding Opportunities Forms](#) or at the [Grants.gov Forms Repository](#) unless specified otherwise.

As required by the Paperwork Reduction Act, 44 U.S.C. §§3501-3520, the public reporting burden for the project description is estimated to average 10 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under the Office of Management and Budget (OMB) control number 0970-0280, which expires September 30, 2017. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Intergovernmental Review of Federal Programs

The review and comment provisions of the Executive Order (E.O.) 12372 and 45 C.F.R. Part 100 do not apply. Federally recognized tribes are exempt from all provisions and requirements of E.O. 12372.

Funding Restrictions

The Consolidated Appropriations Act, 2016, (Title VII, General Provisions – Government-Wide), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is \$185,100. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards/subcontracts under an ACF mandatory and discretionary grant.

Please see Appendix A “Assurances of Compliance with Grant Requirements” for additional program-specific funding restrictions.

V. AWARD ADMINISTRATION INFORMATION

Administrative and National Policy Requirements

Awards issued under this announcement are subject to 45 CFR Part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards, and is available at: <http://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75>.

An application funded with the release of Federal funds through a grant award, does not constitute, or imply, compliance with Federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

For the terms and conditions that apply to all mandatory grants, as well as ACF program-specific terms and conditions please go to: <http://www.acf.hhs.gov/grants/mandatory-formula-block-and-entitlement-grants>.

Approval/Disapproval of an Application

The Secretary of HHS shall approve any application that meets the requirements of the FVPSA and this announcement. The Secretary shall not disapprove an application unless the Secretary gives the applicant reasonable notice of the Secretary's intention to disapprove and a 6-month period providing an opportunity for correction of any deficiencies. The Secretary shall give such notice within 45 days after the date of submission of the

application if any of the provisions of the application have not been satisfied. If the tribe does not correct the deficiencies in such application within the 6-month period following the receipt of the Secretary's notice, the Secretary shall withhold payment of any grant funds to such tribe until such date as the tribe provides documentation that the deficiencies have been corrected (See §10407(b)(1) and (2) and §10409(d)).

Requirements for Drug-Free Workplace

The Drug-Free Workplace Act of 1988 (41 U.S.C. § 8102 et seq.) requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government-wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR part 182; HHS implementing regulations are set forth in 2 CFR part 382.400. All recipients of ACF grant funds must comply with the requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 CFR part 382.225. The rule is available at [Certification Regarding Drug-Free Workplace Requirements](#).

Debarment and Suspension

HHS regulations published in 2 CFR part 376 implement the government-wide debarment and suspension system guidance (2 CFR part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at www.sam.gov/, although checking the EPLS is not required. More information is available at <http://www.acf.hhs.gov/grants-forms>.

Pro-Children Act

The Pro-Children Act of 2001, 20 U.S.C. §§ 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services, to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of

facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

VI. Reporting

Performance Progress Reports applicable to grantees only

ACF grantees (applicable to applicants awarded a grant under this announcement), must submit a PPR using the standardized format provided by FVPSA and approved by OMB (0970-0280). This report will describe the grant activities carried out during the year, report the number of people served, and contain a plan to document and track services provided, as well as any outcomes that can be linked to the grantee's activities and programming. Consortia grantees must compile the information from the individual report of each participating tribe into a comprehensive PPR for submission. A copy of the PPR is available on the FYSB website at: www.acf.hhs.gov/programs/fysb/resource/ppr-Tribal-fvpsa.

PPRs for tribes and tribal organizations are due on an annual basis at the end of the calendar year (December 30) and will cover from October 1 through September 30. Grantees must submit their reports online through the OLDC system unless a pre-approved exemption is obtained, at the following address: <https://extranet.acf.hhs.gov/ssi> and send a copy via email to the respective HHS regional program officer identified in *Section VIII. Agency Contact (Program Office Contact)*.

Federal Financial Reports

Grantees must submit annual Financial Status Reports. The first SF-425A is due December 30, 2016. The final SF-425A is due December 30, 2017. SF-425A can be found at: http://www.whitehouse.gov/omb/grants/grants_forms.html.

Grantees must submit their reports online through the OLDC system at the following address: <https://extranet.acf.hhs.gov/ssi> unless a pre-approved exemption is granted

Failure to submit reports on time may be a basis for withholding grant funds, or suspending or terminating the grant. All funds reported as unobligated after the obligation period will be recouped.

VII. FFATA Subaward and Executive Compensation

Awards issued as a result of this funding opportunity may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 C.F.R. § 170. See ACF's [Award Term for Federal Financial Accountability and Transparency Act \(FFATA\) Subaward and Executive Compensation Reporting Requirement](#) implementing this requirement and additional award applicability information.

ACF has implemented the use of the SF-428 *Tangible Property Report* and the SF-429 *Real Property Status Report* for all grantees. Both standard forms are available at: http://www.whitehouse.gov/omb/grants_forms/.

LGBTQ (also known as “Two-Spirited”) Accessibility Policy

As the Authorized Organizational Representative (AOR) signing this application on behalf of [*Insert full, formal name of applicant organization*]

I hereby attest and certify that:

The needs of lesbian, gay, bisexual, transgender, and questioning (also known as “Two-Spirited”) program participants are taken into consideration in applicant’s program design. Applicant considered how its program will be inclusive of and non-stigmatizing toward such participants. If not already in place, awardee and, if applicable, subawardees must establish and publicize policies prohibiting harassment based on race, sexual orientation, gender, gender identity (or expression), religion, and national origin. The submission of an application for this funding opportunity reflects that applicants have or will put such policies in place within 12 months of the award. Awardees should ensure that all staff members are trained to prevent and respond to harassment or bullying in all forms during the award period. Programs should be prepared to monitor claims, address them seriously, and document their corrective action(s) so all participants are assured that programs are safe, inclusive, and non-stigmatizing by design and in operation. In addition, any subawardees or subcontractors:

- Have in place or will put into place within 12 months of the award policies prohibiting harassment based on race, sexual orientation, gender, gender identity (or expression), religion, and national origin;
- Will enforce these policies;
- Will ensure that all staff will be trained during the award period on how to prevent and respond to harassment or bullying in all forms, and;
- Have or will have within 12 months of the award, a plan to monitor claims, address them seriously, and document their corrective action(s).
